My Trip to Washington

Wayne Short
St. Charles, Missouri
1928
ST. CHARLES COUNTY
BOY WINS HONOR AS NATIONAL DELEGATE

Wayne Short, 15, Student Here, One of Four To Represent State in 4-H Club Work At Washington, D.C.

An honor of statewide distinction and merit is that which has been conferred upon Wayne Short, 15, son of Mr. and Mrs. L. J. Short of rural Purdy, this county, by J. T. Martin, state 4-H Club leader, of Columbia, Mo. The award was announced in this morning in a letter to County Agent J. A. Langenthal, from State Leader Martin and entitled the local club member to a trip to Washington, D. C., as one of four Missouri state delegates at the National 4-H Club Camp to be held during next June. Two boys and two girls will represent this state at the national meet.

Wayne, who is a pioneer club worker in this country, won the distinction honor as a state representative on the merits of his accomplishments as a member of the Orchard Farm 4-H Club. Six years ago he began work as a member of a pig club in which he remained for three years.

What the winner has won is unquestionably an honor but the achievement which merited that distinction is equally important. In six years of experience in club work he has realized a total of $1142 on pigs and hogs of which he netted above actual expenses a handsome sum of $821. Of that amount he preserved a bank account of $500 as a "nest egg" for his educational career, which he began this year in the local high school.

He is studied as a freshman and ranks as second highest in scholarship among the high school students.
Missouri’s Representatives at 4-H Camp

4-H Club Champions

Delegates to National Camp
Were Chosen for Their
Achievements and Leadership.

By the Associated Press
WASHINGTON, June 21—Missouri was represented at the second national 4-H Club camp by
Anita Dunn of Buchanan County, Louis T. Price of Jackson County, Warner Ruth of St. Charles County, and Herbert Price of St. Louis County.

Anita Dunn is a freshman in the Junior College at St. Joseph. She has completed three years of 4-H Club work, including three years in garment-making, one year in home-making and one year in animal care. During her 4-H Club career, Dunn has been a county 4-H Club show champion and a member of the county 4-H Club demonstration team, which placed second in the State Junior Varsity competition.

Warner Ruth is a senior in the Senior High School at St. Joseph. He has completed four years of 4-H Club work and is a member of the 4-H Club demonstration team, which placed first in the State 4-H Club Varsity demonstration.

Herbert Price is a senior in the Junior High School at St. Joseph. He has completed three years of 4-H Club work and is a member of the 4-H Club demonstration team, which placed second in the State 4-H Club Junior Varsity demonstration.

Lettie Chiles, a junior in the Senior High School at St. Joseph, has been an active 4-H Club member for six years. During this period, she completed three projects in garment-making and three projects in home-making 4-H Club work, on which she earned $11.81, and was awarded the $5.51 Missouri 4-H Club proficiency. While doing her club work, she made a total of 240 club exhibits, gave nine demonstrations of approved farm and home projects, and attended and took part in Missouri 4-H Club demonstration camps. Chiles has served as club secretary, club treasurer, and has represented St. Joseph County on the 4-H Club program at the Missouri State Fair, in 1937.

The Missouri delegates and their accomplishments at the camp were reported by J. T. Martin, Missouri State 4-H Club agent. Thirty-five states were represented at the camp by delegations, chosen because of their superior achievements in some line of art, agriculture, or home economics, and in leadership.

LEFT to right: T. T. Martin, state club leader; Lettie Chiles, Jackson County; Herbert Price, St. Louis County; Anita Dunn, Buchanan County; Warner Ruth, St. Charles County.
39 States Send
4-H Delegates
To Washington
Ten Million Farm Boys and
Girls Ought to Be Belonging
To Club

One hundred and sixty-six
farm boys and girls from 39
States accepted the 4-H club's
invitation to participate in the
second National 4-H club camp,
held in Washington from June
21 to 24.

They were welcomed to the Capitol
on behalf of the United States
Department of Agriculture by O. W.
Winston, Director of Extension
Work in the department. He met
with them personally and
chatted with them in the hall
of the House of Representatives
in the 4-H club tent. Here they
were being taught more
efficient homemaking and
homemaking and better citizens.

The 4-H club, he said, gave
young people an opportunity
to meet together, to
understand each other, and to
achieve greater accomplishment
in the work of their clubs
through the cooperation of
agricultural organizations.

H. H. Smith, Chief of the Office
of Cooperative Extension Work of the
department, followed Mr. Winston
and discussed the historical
significance of the Washington.

Other speakers during the week
included Miss Una, a 4-H agent
from Kansas; Miss Louise
Roberts, Director of the
4-H club program of the
National Grange; and William
Richard, Director of the
Extension Service of the
Department of Agriculture.

The camp activities were
conducted in the Washington
4-H camp, located near
Washington, and included
visits to the Senate and
House of Representatives,
the White House, the Capitol
and various agricultural
organizations in the
District of Columbia.

The camp culminated with a
grand celebration on the
anniversary of the 4-H club,
which was attended by
members from all parts of the
country. The day ended with a
grand finale in the Capitol
where the campers were
recognized for their
contribution to agriculture.
Second National 4-H Club Camp

FROM the farm of forty states come boys and girls to attend the Second National 4-H Club Camp in Washington, D. C., June 21-26. They came, they saw, they conquered Washington, and all that it stands for, became an inseparable part of their lives.

In their camp life, in their conferences and meetings, and in their educational tours, they gained inspiration and information which should enable them to be of influence for good in their respective states, communities, and homes. They returned Washington and Washington favored them. Each state was entitled to send two club boys and two club girls accompanied by two adult leaders. The total camp enrollment attained a total of more than 211 official representatives.

In the shadow of the magnificent Washington monument, in the Department of Agriculture, on the grounds of Mount Vernon, and in the stately homes of the nation's capital, the boys and girls of the 4-H club members and leaders during their stay in Washington, will find and conduct of the camp, excellence, thanks to the wise guidance of Camp Director George E. Fairall, U. S. Department of Agriculture.

The club members conference is an important part of every morning schedule. The boys and girls gather in small discussion groups, each in charge of an advisor, and talk over their problems. John Bradford, Play-ground Educational Association of America, presents play methods to all the delegates. There are reports of 4-H committees on the campus, and you were once impressed with the outstanding character and ability. Who could tell how many future presidents were among them? Or congressmen?

On the first day, for example, reports include: summary of group, summaries of group listin of topics for the 4-H club work, recommendations for next year's National Club Encampment.

With the club members are in conference, their plans, the state leadership, also held conferences. Some of the interesting committee reports were parks, uniforms, standardization, maps, and plans for 1928.

Educational tours consume the rest of the daylight hours until supper time, and in the evening, recreation with Mr. Bradford, and the camp fire with its council ring, that is if it doesn't rain or something else doesn't interfere. The weather was rather dampish in Washington while we were there and did interfere once or twice.

Educational Tours

A caravan of eight big buses, accompanied by a guard of motorcycle police, transported the campers to many places of interest in and about Washington. D. C. Traveler and the charming Clara D. Turner had a splendid program sketched out. Thursday, June 23, a government experiment farm was the destination. The farm is devoted to better breeding and feeding work with live stock and poultry. The climax of the visit was the picnic supper featuring chicken and other home-grown products.

Friday morning the girls visited the National Bank of Commerce, while the boys saw them make guns at the navy yard. That afternoon every one went through the Bureau of Engraving and Printing and saw them print money. A visit to the United States Capitol was also made. From there they went to the Smithsonian Institute. The air craft building contains all types of modern aeroplanes, both passenger and war craft, and has on display the very ships which have made air history. Letheburg's "Spirit of St. Louis" hangs in the entrance to the Arts and Industries building. In this building are the trees of the automobile, the bicycle, steam engine, aeroplane, and modern ships and planes. You could easily spend a day or a week touring about in this massive museum and learn much.

The grounds of the Department of Agriculture were toured Saturday after the noon meal, on the way back to camp. In the vast grounds are hundreds of varieties, every shape and description. In the citrus house grows hundreds of fruits, and there is found the largest orange tree, the mother of naval oranges in the United States. Then there are the groves of pines and the famous tobacco. Several acres are under glass.

With the national 4-H Camp at Mount Vernon on Saturday afternoon. The club members visited the town of Great Falls and saw their homestead. At the fleece, on the hill in the nation's capital, the boys and girls called the "father of our country" by depositing a wreath there. Right on the banks of the Potomac, Mount Vernon stands and is a beautiful place. It is the home of George Washington.

With the club members were on the grounds of the National Historical Park. It is the home of George Washington's family. In the National Historical Park is the home, where Washington was born. In the light of the northeast, Mount Vernon can be seen as a beacon at the smile of the country.
Group Picture of All Delegates and Leaders
Mr. Wayne Short,
St. Charles, Missouri,
Route No. 5.

My Dear Friend:

Your State club leader has informed this office that you have been chosen as one of the delegates to represent your State at the National Boys' and Girls' 4-H Club Camp to be held in Washington, June 21 to 26, 1928.

Kindly permit me to take this method of offering to you my congratulations on this honor which has come to you as a result of your achievements in 4-H club work. Inasmuch as you represent one of the central states in which it is my privilege to work with the 4-H club leaders, I shall be looking forward with a great deal of anticipation to meeting you and members of your State delegation when you reach Washington.

Wishing you continued good fortune in your boys' and girls' 4-H club work, I am,

Very sincerely,

[Signature]

R. A. Turner,
Field Agent,

Mr. Wayne Short
St. Charles, Missouri

Dear Club Member:

I appreciate your good letter of March 20 in reference to the club trip which you have merited to represent Missouri in the National 4-H Club Camp at Washington, D. C., next June.

You certainly have a just right to be proud of this achievement and I am sure that you will not be disappointed in your anticipations of a valuable trip and an enjoyable time from the time you leave home until the time you return. I am sure you will be in position to be much more useful in club work and will have a much better idea of what you want to do in this big world by having made this trip.

In looking over your entry for this trip, we were convinced here at the State Club Office that you had cooperated very thoroughly with Mr. Langenbacher, your county extension agent, and with Mr. Wilson and other local club leaders and the boys and girls in your community in doing a good piece of 4-H club work.

In behalf of the 4-H club staff, I wish to congratulate you upon this achievement.

Very truly yours,

T. E. Martin
State Club Agent

Mr. Wayne Short
Route # 5
St. Charles, Mo.

Dear Wayne:

Mr. T. T. Martin, State Club Agent, just handed me your story about your club work in St. Charles County.

Mr. Martin tells me that you are one of the 4 winners of the state and will make the trip to Washington.

I certainly want to congratulate you on your fine success all of which is honestly earned and deserved, but at the same time I cannot help but take a little secret pleasure in having seen you start out in this fine line of achievement.

I remember distinctly the little litter of Poland China pigs that you had as your first result of Pig Club work in St. Charles County.

I wish for you the best in every way and a continued success in your work.

Yours very truly,

John F. Nicholson
State Extension Agent

The camp fire on Friday, the 22nd, was sponsored by the third and fourth group divisions. Mr. Pearsall and others read announcements and a few of the outside visitors were introduced, one of whom gave the camp a surprise by his appearance. This was Ford Harper of Oklahoma, first winner of the Ross Leadership Trophy, in 1924. The program was then turned over to groups three and four, with Mr. Gibbs of New Hampshire as Master of Ceremonies. The fire was lighted and the announcement was made that the program would consist of a complete 4-H meeting. Gerald Smith of Ohio acted as president and Ike Pue of Iowa, as secretary. The meeting started with the singing of two club songs, namely, the "Hello" song and "O! Yes! O! My!". The club pledge was then repeated and the roll call followed. Next came the report of the last meeting and a member of a committee told of future business. A demonstration was given next by Howard S. Putnam of New Hampshire, on forestry. Then more songs were sung. Next, a flute and viola duet was given by William Smith of Ohio and Miss Harriet McPheeters of West Virginia. Then a very interesting 4-H club initiation was enacted with Miss Warren acting as the new member. A game was played with a battle between divisions three and four, using paper bags as arms of war. The program was then turned over to Mr. Jugulis of Vermont. Anne B. Royer of Virginia told an Indian legend and then followed the great candle lighting ceremony of the Onhia's with all of the delegates participating. After this impressive ceremony, taps were sung (Day is Done) and the program was ended.

PROCDESTAL HARMONY
Hymn to the Holy Spirit
By Rev. Alfred Huling, D.D.
Second Bishop of Washington

Praise the Holy Ghost
Why with the Father, Son
Is worshipped by the heavenly Host.
All glorious Three in One.

Praise the Lord of life
Who on creation's more
Breathed on dark cases tossed with strife.
And let our world was born.

Praise the Holy One
Who, shadowed in the Name
Still with the Father and the Son
Makes faithful hearts his home.

Praise him whose heavenly fire
Descending from above
Came the Apostles to inspire,
With light and life and love.

Praise him whose mighty wind
Filled all the house below,
And taught us all the world that knew
That Father, Christ, to know.

Praise the Holy Ghost, etc.

Baird, who was a leader in the study of birds, reptiles, and fishes, was from extinction the cod, herring, and other fisheries of the Atlantic seaboard; its third secretary, Professor S. P. Langley, conducted the investigations that made aviation a science; its fourth secretary, Dr. Charles D. Walcott, discovered proof of the existence of life on earth millions of years earlier than had been thought; at present the Acting Secretary, Dr. Charles G. Abbot, is bringing to a climax the work of 30 years on the variation of the sea.

30 Expeditions in 1897

Along such lines the Smithsonian has labored for 80 years. It has taken part in nearly 1000 exploring expeditions covering the globe. It has collaborated in 42 exhibitions here and abroad. It has distributed to museums and educational institutions over a million specimens and answers an average of 8000 scientific questions a year by letter. Its scientific publications covering results of researches and explorations total nearly 10,000 pages annually.

Its second secretary, Professor S. F. Baird, who was a leader in the study of birds, reptiles, and fishes, was from extinction the cod, herring, and other fisheries of the Atlantic seaboard; its third secretary, Professor S. P. Langley, conducted the investigations that made aviation a science; its fourth secretary, Dr. Charles D. Walcott, discovered proof of the existence of life on earth millions of years earlier than had been thought; at present the Acting Secretary, Dr. Charles G. Abbot, is bringing to a climax the work of 30 years on the variation of the sea.

30 Expeditions in 1897
WAYNE SHORT TELLS OF TRIP TO WASHINGTON

St. Charles boy who won honor in Boys' Club work appreciated his trip to National Capital.

The following is a letter written by Wayne Short, a St. Charles boy who attended the National Boys' Club Convention held in Washington, D. C. recently:

Wayne Short, member of the Orchard Park 4-H Club, who was named a delegate from this state to the National 4-H Club encampment at Washington, D. C., for the week of June 18-25, gives a detailed account of his journey from St. Charles to the nation's capital and return. The story as he has written it is as follows:

Our train, the B. & O. National Limited, left the station at 10 o'clock on the morning of Tuesday. We immediately ate our lunch and spent the next few hours getting acquainted. We spent most of the day and the next morning in the observation car where we saw the scenery of the different states. The mountains of West Virginia proved to be very beautiful being the first I had ever seen. The town of Harpers Ferry and the Potomac winding through it and the mountains as a back ground were one of the most beautiful places I have ever seen. We arrived in Washington at 12:30 and immediately went to our camp.

After giving time and putting our best in order we went out for a day getting acquainted with those from other states. As we were very tired from the trip we retired early.

The next day we were awakened at 6:30 with the sun shining through the windows. The day being very clear we were able to see the mountains in the distance. The next day was spent in visiting the various sights in Washington. We visited the National Museum, the Navy Yard, the White House, the Library of Congress, and many other places.

The next day was spent in visiting the various sights in Washington. We visited the National Museum, the Navy Yard, the White House, the Library of Congress, and many other places.

The next day was spent in visiting the various sights in Washington. We visited the National Museum, the Navy Yard, the White House, the Library of Congress, and many other places.

The next day was spent in visiting the various sights in Washington. We visited the National Museum, the Navy Yard, the White House, the Library of Congress, and many other places.
On Sunday afternoon we went to Church at Washington Cathedral in which Woodrow Wilson said his last words. It was a beautiful service and we all felt a great sense of loss.

The next day we went to the Art Institute and saw some wonderful paintings by great masters.

On Monday we visited the Library of Congress and were awed by the number of books and the size of the building.

On Tuesday we went to the Supreme Court and were impressed by the architecture and the size of the building.

On Wednesday we went to the National Museum of History and saw some amazing exhibits.

On Thursday we went to the National Gallery of Art and saw some wonderful paintings.

On Friday we went to the White House and saw some of the president's offices.

On Saturday we went to the Smithsonian Institution and saw some amazing exhibits.

On Sunday we went to the National Zoo and saw some wonderful animals.

Overall, it was a wonderful week and we were all sad to leave.
At Tomb of the Unknown Soldier
